#### 2.1 Delivery of goods purchased over the Internet

In case of a problem concerning delivery of an Internet purchase made by the insured, the insured can call upon an intervention for the ‘fully secure online purchase’ insurance provided the following conditions are all met:

- the insured goods must have been paid for in full using a Keytrade Bank VISA Platinum card;
- the purchase payment must appear on the card statement.

#### 2.2 In case of non-compliant delivery or non-delivery of an insured purchase

- If the vendor agrees to return the item and sends a replacement item or compensates the insured, the insurance shall cover the costs for returning the item to the vendor, if the latter does not cover them itself
- If the vendor agrees to return the item, but does not send a replacement item and does not compensate the insured within 90 days following the return of the non-compliant item, the insurance covers the costs for returning the item to the vendor and/or reimbursing the value of the purchase of the insured item
- If the vendor does not agree to return the item, the insurance covers the costs to return the insured goods to AXA Assistance, Avenue Louise 166/1, 1050 Brussels and refund the purchase price for the guaranteed goods.

The amount of the insured goods purchase includes all taxes, with the maximum being the sums paid to the vendor.
