

Transfer of pension-savings fund with Keytrade Bank

To another bank

Please complete this document in block capitals and return it, duly signed, along with a copy of the signatory's identity card (both sides), by post, to Keytrade Bank, Service Pension Funds, Boulevard du Souverain 100, B-1170 Brussels, or by e-mail, attaching a scan or photo of the documents, to pension.funds@keytradebank.com. Your application can only be processed quickly if it is complete.

1. Important information

- This transfer does not affect pension-savings insurance.
- We will complete the transfer in cash if the other financial institution invests in another pension-savings fund of your choice.
- The costs of the transfer total EUR 60 (incl. VAT) and will be charged to your Keytrade Bank current account. If the balance on your account is insufficient, we will not be able to complete this transfer.
- The time it takes to complete the transfer of your pension-savings fund largely depends on your other bank or broker, and the securities to be transferred. Generally, funds take longer (between 3 and 10 working days).
- If you have already made one or more payments into your pension-savings fund with KEYTRADE BANK this year, it is better to continue payments up to the maximum tax amount before transferring your pension-savings fund. You can in fact only submit one tax certificate in your tax declaration.

2. Your request
